

## The Complete Digital Planetarium

SciDome provides fulldome video, realtime astronomy simulation and show automation/production in one system. The SciDome projection system is available in standard single-projector, or dual-projector SciDome HD versions.

The SciDome system includes:

- Fulldome Projector / Custom Fisheye Lens
- Starry Night Dome Software
- Control and Rendering Computers
- Control Desk with Laminated Tabletop
- System Installation and On-Site Training
- Fulldome Show Player
- Starry Night Elementary, Middle School and High School Teachers Guides, Software

Choose from over a hundred programs from Spitz Fulldome Show Distribution
